Shareport For Mac

Download Oct 26, 2016 Sorry I missed this before we are on SharePoint 2013 and the Office 2016, my question is is there any other way other than installing a MS tool like MS Document Connection to sync the SharePoint Document Library on a Mac? Get your intranet in your pocket with the SharePoint mobile app. Office applications are supported for Mac OS If your download is not starting, click here. The app is developed by D-Link Systems Inc and its user rating is 1 out of 5 SharePoint Online is a cloud-based service that helps organizations share and collaborate with colleagues, partners, and customers. With easy on-the-go access, the SharePoint mobile app helps keep your work moving forward by providing quick access to your team sites, organization portals and resources, and the people you work with. So, of course you can use SharePoint Online on your Mac. You don't need to make any changes with your license. You are downloading SharePort Plus for Mac, version 4.20 The download is provided as-is, with no modifications or changes made on our side. The software is periodically scanned by our antivirus system. We also encourage you to check the files with your own antivirus before launching the installation. Thank you for downloading SharePort Plus for Mac from our software library. This application is distributed free of charge. The latest version of SharePort Plus is 4.20 on Mac. Liformer It is a perfect match for Device Assistants in the System Tools category.
